Choose a short, medium or long option to fit your goals today.</p>	<p style="text-align: right;"><b>23</b></p> <p>30 minutes Time Trial</p>	<p style="text-align: right;"><b>24</b></p> <p>LAST DAY!</p> <p>Finish up your meters.</p> <p>Thanks for joining us!</p>		

After finishing the challenge, download and print your free certificate of completion from your logbook. Be sure your full name and complete postal address is in your profile if you've completed 200k+ meters and want to receive your commemorative pin (FREE!).

See you in 2021!

## How to Begin

Welcome to the 21<sup>st</sup> Annual Holiday Challenge!

Use this calendar to help inspire workouts for your goal: 100k or 200k. Join us on social media as part of the community: #C2challenge

In addition to the day-by-day suggestions below, at the end of this document here are ideas for other ways to sneak in meters.

## Thursday, November 26, Happy Thanksgiving!

Today, get in a nice long warm-up (those meters count, too!) before setting your monitor for a [Single Distance Workout](#).

- 100k goal: 5000m, stroke rate 24-26 spm (row) ([What's Stroke Rate?](#)) or 35-40 spm (ski). BikeErg: 10,000m at 60-80 rpm.
- 200k goal: 10,000m, stroke rate 24-26 spm (row) ([What's Stroke Rate?](#)) or 35-40 spm (ski). BikeErg: 20,000m at 60-80 rpm.

## Friday, November 27

Black Friday! Concept2 offices are closed so we can get in our holiday meters, too.

[Interval workouts](#) focus on harder periods of work followed by some rest. Set up your Performance Monitor for a [Distance Interval Workout](#).

- 100k goal: 4 x 750m with one minute rest in between. (BikeErg, 4 x 1500m)
- 200k goal: 4 x 1500m with one minute rest in between. (BikeErg, 4 x 3000m)

Use this calendar to help complete the [Concept2 Holiday Challenge](#): 100k or 200k meters between November 26 and December 24, 2020 (29 days total).

- For the 100k challenge, aim for 4000m daily.
- For the 200k challenge, aim for 7500m daily.

(These goals help you build up a few meters for some days off.)

RowErg and SkiErg meters: Use the suggested workouts below. BikeErg meters are counted as half when applied to the challenge; double your meters when you do these workouts on a BikeErg.

*No on water, on snow, or outdoor cycling meters, please.*

This guide serves as suggestions only; feel free to move days around according to your schedule and needs.

*As always, consult with a doctor before starting any exercise program.*

## Saturday, November 28

Do you put up holiday decorations immediately after Thanksgiving or wait? Hopefully you have time today to add meters to your logbook. Set your Performance Monitor to a [Single Distance Workout](#).

- Warmup for 2000m (row/ski) or 4000m (BikeErg).
- Race 500m (row/ski) or 1000m (BikeErg).
- Submit your time in your [Concept2 Online Logbook](#) and [rank your 500m result](#) in your Latest Workouts.
- Cool down with another 2000m (row/ski) or 4000m (BikeErg).

## Sunday, November 29

For extra motivation, subscribe to our podcast, [As The Flywheel Spins](#), with Concept2 trainer Cady Hart-Pettersen. Workout 42 will guide you through these long intervals with excellent coaching and commentary.

- 100k goal: 2 x 10 minutes.
- 200k goal: 4 x 10 minutes.

Take a 2-3 minute break in between each set. Get up, stretch, sip some water and try to go a little faster for your next 10 minute interval.

## Monday, November 30

Case of the Mondays? Try to keep moving today.

- 5 minutes
- 10 minutes
- 15 minutes
- 10 minutes
- 5 minutes

Rest 2 minutes between each interval.

Rate changes every minute:

<u>RowErg:</u>	<u>SkiErg:</u>	<u>BikeErg:</u>
<ul style="list-style-type: none"><li>• 5 minutes: 18/20/22/20/18</li><li>• 10 minutes: 20/20/22/22/24/24/22/22/20/20</li></ul>	<ul style="list-style-type: none"><li>• 5 minutes: 35/37/39/37/35</li><li>• 10 minutes: 37/37/39/39/41/41/39/39/37/37</li></ul>	<ul style="list-style-type: none"><li>• 5 minutes: 65/70/75/70/65</li><li>• 10 minutes: 70/70/75/75/80/80/75/75/70/70</li></ul>
<ul style="list-style-type: none"><li>• 15 minutes: 22/22/22/24/24/24/26/26/26/ 24/24/24/22/22/22</li><li>• 10 minutes: 24/24/26/26/28/28/26/26/24/24</li></ul>	<ul style="list-style-type: none"><li>• 15 minutes: 39/39/39/41/41/41/43/43/43/ 41/41/41/39/39/39</li><li>• 10 minutes: 24/24/26/26/28/28/26/26/24/24</li></ul>	<ul style="list-style-type: none"><li>• 15 minutes: 75/75/75/80/80/80/85/85/85/ 80/80/80/75/75/75</li><li>• 10 minutes: 80/80/85/85/90/90/85/85/80/80</li></ul>
<ul style="list-style-type: none"><li>• 5 minutes: 26/28/30/28/26</li></ul>	<ul style="list-style-type: none"><li>• 5 minutes: 26/28/30/28/26</li></ul>	<ul style="list-style-type: none"><li>• 5 minutes: 85/90/95/90/85</li></ul>

## Tuesday, December 1

- 100k goal: Stroke Counting Ladder. 1 stroke hard/1 stroke easy, 2 strokes hard/2 strokes easy, all the way up to 30.
- 200k goal: Stroke Counting Pyramid. 1 stroke hard/1 stroke easy, 2 strokes hard/2 strokes easy, all the way up to 30 and then back down again.

BikeErg: Instead of strokes, work on 10-second spin ups. A “spin up” is a brief burst of energy and faster RPM. Try 10 seconds on/10 seconds off, 20 seconds on/20 seconds off, etc.

## Wednesday, December 2

Wednesdays throughout the Challenge we suggest mixing up your workout with multiple ergs. If these aren't options for you, try to include a walk or other activity in your day (even if these meters can't be counted toward the challenge). Get outside if possible!

A 2-3 machine workout: RowErg, SkiErg and BikeErg.

- 100k & 200k goals: 4 minutes on each machine, 3 minutes on each machine, 2 minutes on each machine, 1 minute on each machine.

Only one machine? Try a reverse pyramid: 4 minutes, 3 minutes, 2 minutes, 1 minute, 1 minute, 2 minutes, 3 minutes, 4 minutes.

## Thursday, December 3

You've completed your first week of the Holiday Challenge! Way to go!

Sign up to receive downloads of our podcast, [As The Flywheel Spins](#) with Concept2 trainer Cady Hart-Petterssen. This audio instruction provides technique tips and training as you follow along stroke by stroke. Try a podcast today!

## Friday, December 4

Increase your intensity in this workout by focusing on your pace, not strokes per minute (row/ski).

- 100k goal: 3 rounds of 5 minutes easy, 3 minutes moderate, 1 minute hard.
- 200k goal: 5 rounds of 5 minutes easy, 3 minutes moderate, 1 minute hard.
- BikeErg only: 5 minutes at damper 1-2, 3 minutes at damper 3-4, 1 minute at damper 5.

## Saturday, December 5

Intervals are our favorite way to keep training fresh. Set up your Performance Monitor for a [Time Interval Workout](#).

- 100k & 200k goals: 3 minute intervals. Pre-set the PM for a 2:30 work interval and a 0:30 rest interval. Aim for 30 minutes total time (10 work intervals).

## Sunday, December 6

- 100k goal: 10k (row/ski) or half marathon (21,097m). BikeErg: 20,000m.
- 200k goal: 10k or [half marathon \(21,097m\)](#). BikeErg: 40,000m.

Submit your time in your [Concept2 Online Logbook](#) and [rank your 500m result](#) in your Latest Workouts.

## Monday, December 7

Case of the Mondays? Try to keep moving today.

- 100k goal: 4000m (8000m BikeErg).
- 200k goal: 8000m (16,000m BikeErg).

## Tuesday, December 8

- 100k & 200k goals: 5000m with rate changes every 1000m.  
(BikeErg, 10,000m, rate change ever 2000m)

Vary your stroke rate as follows:

**RowErg:** 22 spm/24 spm/26 spm/24 spm/22 spm.

**SkiErg:** 32 spm/34 spm/36 spm/34 spm/32 spm.

**BikeErg:** 70 rpm/80 rpm/90 rpm/80 rpm/70 rpm.

## Wednesday, December 9

Mix it up with a 2-3 machine workout: the Concept2 [Ergathlon](#)! You can set up Ergathlon on your PM5 to easily upload and rank your best race.

10k RowErg

20k BikeErg

10k SkiErg

(You can complete in any order.)

Alternate with 1-2 ergs: 3x10,000m (20,000 for BikeErg).

## Thursday, December 10

Happy Hanukkah! There are eight days of celebration ahead! Thanks for making your workouts part of it.

If you have other friends or family members also aiming for 100k or 200k in our Challenge, reach out to them today. Think about them during your workout. Even if you don't work out together, we're *all* in this together!

- 100k goal: 15 intervals of 1 minute hard, 1 minute easy.
- 200k goal: 20 intervals of 1 minute hard, 1 minute easy.

## Friday, December 11

Show us where you workout! Share a photo of where you row, ski or ride on social media! Tag us on Facebook and Instagram! #C2challenge We love to see where everyone works out across the globe.

- 100k goal: 3000m, 2 minutes rest, 2000m, 1 minute rest, 1000m.
- 200k goal: 4000m, 3 minutes rest, 3000m, 2 minutes rest, 2000m, 1 minute rest, 1000m.

BikeErg: double the meters

## Saturday, December 12

The [Tabata](#) interval workout gets its name from Izumi Tabata who demonstrated its effectiveness in 1996. Tabata intervals are a time-efficient way to get a terrific workout.

8 rounds of 20 seconds on, 10 seconds rest.

- 100k goal: repeat 3 more times (4 sets total).
- 200k goal: repeat 4 more times (5 sets total).

Vary the damper each round: Set 1, damper 5. Set 2, damper 3. Set 3, damper 7. Set 4, damper 4, Set 5, damper 2.

## Sunday, December 13

Today, if you can swing it, plan on staying in your workout clothes throughout the day. Get in meters when you can, with a goal of 1.5 hours total. Write up your “to do” list and after each task, reward yourself with a 2000m workout.

Holiday cards to write? Finish a stack, workout, repeat. Wrapping presents? Wrap, workout, repeat. Cookie baking? Mix, workout, bake, repeat!

## Monday, December 14

Try our “Power Tens” [Best Recovery Workout](#):

- 100k goal: 20 minutes.
- 200k goal: 30 minutes.

Every minute, take 10 strokes with a little bit more intensity, then ease back down. (If you feel good, you can go a bit harder on the 10 stroke pieces; if not, keep them moderate.)

BikeErg: Every minute, substitute strokes with spin ups. Raise your rpm (approximately +10 rpm) with more intensity for 30 seconds.

## Tuesday, December 15

Today, try a [Calorie workout](#).

- 100k goal: 50 Calorie row/10 Calorie ski or ride, 40 Calorie row/20 Calorie ski or ride, 30 Calorie row/30 Calorie ski or ride, 20 Calorie row/40 Calorie ski or ride, 10 Calorie row/50 Calorie ski or ride.
- 200k goal: 60 Calorie row/10 Calorie ski or ride, 50 Calorie row/20 Calorie ski or ride, 40 Calorie row/30 Calorie ski or ride, 30 Calorie row/40 Calorie ski or ride, 20 Calorie row/50 Calorie ski or ride, 10 Calorie row/60 Calorie ski or ride.

## Wednesday, December 16

If you have access to a RowErg, SkiErg and BikeErg, today is a triathlon day!

- 1k SkiErg.
- 2k RowErg
- 6k BikeErg.

(total challenge meters: 6k)

Record your times on each Performance Monitor and add them to the logbook as three workouts. Feel free to race as one workout or take breaks in between each transition.

Alternatives:

- Substitute any machine with a run (running meters do not count toward the challenge).
- Use one machine for a 1000m/2000m/3000m workout, 1 minute rest in between each set.
- Use one machine for a 1000m/2000m/3000m workout, 1 minute body weight exercise in between each set (such as lunges, burpees, situps, or pullups).

## Thursday, December 17

No matter how fast you row, ski or ride, know that your goal is in sight!

- 100k goal: Reverse Pyramid 8 minutes, 6 minutes, 4 minutes, 2 minutes, 4 minutes, 6 minutes, 8 minutes.
- 200k goal: Reverse Pyramid 10 minutes, 8 minutes, 6 minutes,, 4 minutes, 2 minutes, 4 minutes, 6 minutes, 8 minutes, 10 minutes.

Vary your stroke rate and rpm as follows:

**RowErg:** 22/24/26/28/30/29/27/25/23 spm

**SkiErg:** 42/44/46/48/50/49/47/45/43 spm

**BikeErg:** 60/70/80/90/100/90/80/70/60 rpm

## Friday, December 18

Are you in the holiday spirit yet?

- 100k goal: 6x3 minutes hard, 3 minutes easy.
- 200k goal: 8x3 minutes hard, 3 minutes easy.

Set your monitor to Watts. See if you can maintain or increase the average watts for each interval

## Saturday, December 19

You can opt to do this workout solo, but it is motivating (and rewarding) to find someone to join you, if you can do so safely! Feel free to opt in other exercises if you prefer. (The body weight exercises do not count toward Holiday Challenge meters, but you've mostly completed those by now anyway, right?)

You can set up a [Calorie workout](#) on your Performance Monitor.

100k & 200k goals:

- Partner 1: Row, ski or ride 50 Calories. Partner 2: Hold a plank until Partner 1 finishes. Then switch! (Partner 2 rows, skis or rides while Partner 1 does the plank.)
- Partner 1: Row, ski or ride 40 Calories. Partner 2: Do alternating lunges until Partner 1 finishes. Switch!
- Partner 1: Row, ski or ride 30 Calories. Partner 2: Hold a wall sit until Partner 1 finishes. Switch!
- Partner 1: Row, ski or ride 20 Calories. Partner 2: Complete as many burpees as possible until Partner 1 finishes. Switch!
- Partner 1: Row, ski or ride 10 Calories. Partner 2: Complete as many pushups as possible until Partner 1 finishes. Switch!
- DONE!

## Sunday, December 20

Hopefully your meters now are just earning more money for the great list of charities we're excited to support. Cha-ching!

- 100k goal: 3x10 minutes with two minute rest in between.
- 200k goal: 6x10 minutes with two minute rest in between.

## Monday, December 21

Happy Solstice! Today is the longest (or shortest) night of the year! Take advantage of the darkness! Who needs sunlight when you have your erg? Go outside for a walk in the sunshine, then get in your meters when it's dark.

- 100k goal: 100m with 90 seconds rest x 10
- 200k goal: 100m with 90 seconds rest x 20

Continue rowing through the rest to rack up meters!

## Tuesday, December 22

What will today bring? Visit [concept2.com/wod](http://concept2.com/wod) to find out. Our "Workout Of the Day" (WOD) offers short, medium and long workout options. Choose the workout that best fits your goals as you finish your meters.

## Wednesday, December 23

There is a temptation to try to finish up meters today in one last effort. Reminder: you still have one more day! We recommend trying your fastest 30 minutes to see how fit you've become in these past 28 days.

## Thursday, December 24

Hopefully you're all caught up in meters and have done your part to help us support one of our great charities. If not, squeak in your last best effort! Thanks for joining us, see you in 2021!

## Additional Workout Ideas

- Try an App!
  - There are many apps compatible with the Concept2 Performance Monitor. Visit [concept2.com/apps](http://concept2.com/apps) for a full list of options, including live and on-demand classes, virtual racing and training programs.
- Join a Class or Follow Along
  - Check out the many resources we have listed for [Workout Out at Home](#). Coaches and classes are available to join. It's an easy way to follow along to workouts.
- Podcast
  - Sign up to receive downloads of our podcast, [As The Flywheel Spins](#), with Concept2 trainer Cady Hart- Petterssen. This audio instruction provides technique tips and training as you follow along, stroke by stroke.
- WOD (Workout Of the Day)
  - Visit our [Workout Of the Day](#) for daily inspiration. The WOD can be emailed directly to your inbox!
- Games
  - Try the Fish Game on the PM3, PM4 or PM5 for a quick four minute workout.
  - Play 1-3 rounds of the Darts Game (PM4, PM5).
- Entertainment
  - Watch your favorite holiday classic with a row/ski/bike during each commercial break.
  - Row/ski/bike a football halftime show, 1k for each team's points or commercial breaks.
- Music
  - Try Trainer Cady's Playlist: [Cady's Workout on Spotify](#).
  - Try: 1 song to warmup, 3 songs of intensity, 1 song to cool down.
  - Try: 1 songs to warmup, 2 songs of intensity, 1 song rest, 2 songs intensity, 1 song to cool down.
- Movies
  - Here are some of our favorite holiday workout movies:
    - Seinfeld "The Strike" Festivus episode (23 minutes)
    - The Producers (1 hour, 30 minutes)
    - Elf (1 hour, 37 minutes)
    - Christmas Vacation (1 hour, 37 minutes)
    - Home Alone (1 hour, 43 minutes)
    - Die Hard (2 hours, 12 minutes)
    - Love, Actually (2 hours, 25 minutes)

To exercise during a movie, prep your set-up: have water, snacks and the remote handy. Turn up the volume or wear headphones. Feel free to take breaks and stretch. The Performance Monitor will stay on for approximately 2 minutes with fresh batteries. Press CHANGE UNITS/UNITS to keep it alive. You can "Just Row" to count up during your movie if you aren't looking to complete a specific distance.
